Archaeology

Archaeologists are detectives who study how people lived in the past. They figure out what happened, when, how, and why. Using the clues that people left behind, they try to understand how and why human culture has changed through time.

Maximum number of participants: 20

Prerequisites: #7c

CEDa103

Period 2 09:30-10:30 AM
Period 3 10:45-11:45 AM
Period 4 01:45-02:45 PM
Period 5 03:00-04:00 PM

Protzman Archery Range

Archery

Archery is a fun way for Scouts to exercise minds as well as bodies, developing a steady hand, a good eye, and a disciplined mind. This merit badge can provide a thorough introduction to those who are new to the bow and arrow - but even for the experienced archer, earning the badge can help to increase the understanding and appreciation of archery.

Maximum number of participants: 16

Prerequisites: None

Recommended Age: Scouts 12+

Notes: Must be able to pass bow strength test. Mandatory safety briefing on Sunday night.

CEDa104

Period 1 08:15-10:30 AM
Period 4 01:45-04:00 PM

Karp Pavilion

Art

This merit badge concentrates on two-dimensional art, specifically drawing and painting in various media, including an introduction to design applications in the fields of graphic arts and industrial design, history and design principles, and how these fields relate to fine art.

Maximum number of participants: 6

Prerequisites: Requirement 6

Recommended Age: Scouts 12+

Note: This class is 2 periods long.

CEDa107

Period 5 03:00-04:00 PM

Dixon Nature Center

Astronomy

In learning about astronomy, Scouts study how activities in space affect our own planet and bear witness to the wonders of the night sky: the nebulae, or giant clouds of gas and dust where new stars are born; old stars dying and exploding; meteor showers and shooting stars; the moon, planets, and a dazzling array of stars.

Maximum number of participants: 20

Prerequisites: Requirement 6

Recommended Age: Scouts 12+

Notes: Must attend Night Sky Presentation at camp on Tuesday night.

Aviation

For most of history, people have dreamed of flying, imagining how it would feel to soar through the sky like an eagle or hover in midair like a hummingbird, to float on unseen currents, free of Earth's constant tug, able to travel great distances and to rise above any obstacle. Today, through aviation, we can not only join the birds but also fly farther, faster, and higher than they ever could.

Maximum number of participants: 8

Prerequisites: None

Recommended Age: Scouts 13+

Notes: Activity Consent Form and Aero Club Agreement Forms are required for participation and must be downloaded, completed, and turned in at camp; participants will take a field trip on Friday where they will fly an airplane for 45 minutes with an FAA-certified flight instructor; leaders will be asked to help with transportation to and from the airport. This class is 2 periods long.

CEDa109

Basketry

Basketry is a handy skill for a Scout. A basket can be a sturdy companion on campouts, carrying clothes snugly and efficiently, holding potatoes and corn for roasting over a campfire, or carrying the day's fishing catch back to camp for dinner. Baskets and basket-weaving projects also make great gifts for family and friends.

Maximum number of participants: 16

Prerequisites: None

Recommended Age: Scouts 12+

Camping

Camping is one of the best-known methods of the Scouting movement. When he founded the Scouting movement in the early 1900s, Robert Baden-Powell encouraged every Scout to learn the art of living out-of-doors. He believed a young person able to take care of himself while camping would have the confidence to meet life's other challenges, too.

Maximum number of participants: 25

Prerequisites: #8d; #9a; #9b[1]; #9b[2]; #9b[3]; #9b[4]; #9b[5]; #9b[6]; #9c

Lakefront

Canoeing

For several centuries, the canoe was a primary method of travel for explorers and settlers. Today, it remains an important part of the wilderness experience and an enjoyable leisure activity that teaches communication, teamwork, and physical fitness.

Maximum number of participants: 24

Prerequisites: Current blue swimmer

Recommended Age: Scouts 13+

Notes: Need to have one set of clothes and old shoes that can go in the lake. This class is 2 periods long.

First Aid

First aid - caring for injured or ill persons until they can receive professional medical care - is an important skill for every Scout. With some knowledge of first aid, a Scout can provide immediate care and help to someone who is hurt or who becomes ill. First aid can help prevent infection and serious loss of blood. It could even save a limb or a life.

Maximum number of participants: 25

Prerequisites: Requirement 5

Recommended Age: Scouts 11+

NOTE: Participants in the Kit Fox program need to sign up if they want to take First Aid.

Fishing

In Scouting for Boys, Baden-Powell offers this advice: "Every Scout ought to be able to fish in order to get food for himself. A tenderfoot [beginner] who starved on the bank of a river full of fish would look very silly, yet it might happen to one who had never learned to catch fish."

Maximum number of participants: 20

Game Design

Games also come in almost every shape, size, format, and flavor imaginable. Games can be fast-paced, slow, or anything in between. Some are competitive. Some are cooperative. They may be for individuals, small groups, or thousands of players at a time. They might take seconds to complete or last for years. However you slice it, everyone has played games, and games help make us who we are.

**Indian Lore**

Far different from the stereotypes or common images that are portrayed on film, on television, and in many books and stories, American Indians have many different cultures, languages, religions, styles of dress, and ways of life. To learn about these different groups is to take an exciting journey of discovery in which you will meet some of America's most fascinating peoples.

Lifesaving

No Boy Scout will ignore a plea for help. However, the desire to help is of little use unless one knows how to give the proper aid. The main purpose of the Lifesaving merit badge is to prepare Scouts to assist those involved in water accidents, teaching them the basic knowledge of rescue techniques, the skills to perform them, and the judgment to know when and how to act so that they can be prepared for emergencies.

Maximum number of participants: 25

Prerequisites: Swimming merit badge (recommended, not required)

Recommended Age: Scouts 12+

Notes: Must be a current blue swimmer and have ability to swim 400 yards using front crawl, side stroke, breast stroke, and elementary backstroke; will need long pants and long sleeve shirt that can get wet.

Nature / Bird Study merit badges

Nature: There is a very close connection between the soil, the plants, and all animal life, including people. Understanding this connection, and the impact we have upon it, is important to preserving the wilderness, as well as to our own well-being as members of the web of nature. **Bird Study:** Birds are among the most fascinating creatures on Earth. Many are beautifully colored. Others are accomplished singers. Many of the most important discoveries about birds and how they live have been made by amateur birders. In pursuing this hobby, a Scout might someday make a valuable contribution to our understanding of the natural world.

Maximum number of participants: 20

Prerequisites: None

Recommended Age: Scouts 12+

**Photography**

Beyond capturing family memories, photography offers a chance to be creative. Many photographers use photography to express their creativity, using lighting, composition, depth, color, and content to make their photographs into more than snapshots. Good photographs tell us about a person, a news event, a product, a place, a scientific breakthrough, an endangered animal, or a time in history.

Maximum number of participants: 15**Prerequisites:** None**Recommended Age:** Scouts 13+**Notes:** Please bring a digital camera if possible (cameras can be securely locked up in camp storage).**CEDa164**

**Pioneering**

Pioneering-the knowledge of ropes, knots, and splices along with the ability to build rustic structures by lashing together poles and spars-is among the oldest of Scouting's skills. Practicing rope use and completing projects with lashings also allow Scouts to connect with past generations, ancestors who used many of these skills as they sailed the open seas and lived in America's forests and prairies.

**Plant Science**

Plant scientists use their curiosity and knowledge to develop questions about the world of plants. Then they try to answer those questions with further observations and experiments in the laboratory and in the field. To earn this merit badge, Scouts will explore three of the most important plant science specialties: agronomy, horticulture, and field botany.

Trades Program

Week 5: July 8-14 and Week 6: July 15-21 This program is a 5-day program offering the following merit badges:

American Labor The labor movement in America seeks to ensure that the civil rights of laborers are protected in the workplace, especially in regard to wages, hours, and working conditions.

Electricity is a powerful and fascinating force of nature. As early as 600 b.c., observers of the physical world suspected that electricity existed but did not have a name for it. In fact, real progress in unraveling the mystery of electricity has come only within the last 250 years.

Metalwork Scouts will begin their work on this merit badge by learning about the properties of metal, how to use simple metalworking tools, and the basic metalworking techniques. Then they will practice using these tools and techniques before concentrating on the more intricate skills of one of four metalworking options.

Plumbing Plumbing, including pipe fitting, is an important and well-paid occupation. The industry is quite broad. It covers installations and repairs in homes, commercial properties, and factories. Plumbing pipelines are used for water supply, waste drainage, natural-gas heating, and many other purposes.

Surveying Scouts will discover how land is measured and how it is described so that others can know where boundary lines are. They will have a chance to use some fine measuring instruments, apply advanced mathematics, operate computing equipment, and create a survey map.

Truck Transportation Trucking is a large and important industry. No matter where you live, a day is unlikely to go by when you will not see a truck. We use these vehicles to deliver almost every material item we buy. Without trucks, our economy would not work efficiently.

Welding Connecting different components together is a skill. Learn safety about welding, equipment necessary to wear while welding, and various welding techniques.

Woodwork Wood is an amazingly versatile, practical, yet beautiful material. A skilled craftsman can use wood to fashion just about anything. As a woodworker or carpenter, you will find no end of useful, valuable, and fun items you can make yourself, from wood.

Maximum number of participants: 24

Prerequisites: Electricity 2

Metalwork 1

Surveying 1

Welding 1(b) and 2(b)

Woodwork 1(c)

Recommended Age: Scouts 13+

Notes: This program is only offered Week 5, July 8-14, and Week 6, July 15-21. Scouts will be required to wear a 100% cotton long sleeve shirt, jeans, and hiking boots, preferably leather during the program times. Scouts will wear their Class A shirts to the program locations. Transportation will be provided as program will be located at Union Halls and their training centers in Omaha. Merit Badge worksheets will be emailed to the Scouts. Scouts are expected to have reviewed the information and complete the prerequisites prior to arrival at camp.
